ACT VI · LEARNING

From a review thread to the next review

Threads open review comments on GitHub

`threads sync`

Ledger one row per thread, all undecided

`threads worksheet`

Your verdicts fixed, rejected, deferred

`threads verdict`

/retro sorts the misses by cause

Proposals

Add this sweep.
Add this line.
Delete that line.

Nothing changes until you say which to apply.

Every outside finding is a check you did not have. Learn from it, and the next push has fewer.
