OPENING

Where we are going

01

The problem

Writing got cheap. Reading did not.

02

Why it matters

What one team found, and how review-loop answers it.

03

The loop

What a review is made of, and what it costs.

04

In practice

Four levels, and learning from outside review.

05

For managers

What to measure, who owns it, how to start.
